

Hello Archers,

This year for the South Carolina Senior Sports Classic (SCSSC) Archery event we have decided to try something new. How about a 25 yard indoor event with a 60cm target face, this is a non qualifying year why not?

The location has also changed to the Florence Center, yes we are shooting indoors.

The format will be 10 ends of 3 arrows for a max score of 300 with 30 X's, we will do this twice for a max total of 600 with 60 X's. Basically the same rules as the State Multi color indoor (Vegas round). We will score the target as printed (X,10,9,8,7 etc). Keep track of "Xs" for tie breakers.

Archers will have the chose of a single spot or vertical 3 spot, the only problems I foresee are;

1. all archers per target butt must agree on which target faces they will use, single or 3 spot
2. our targets butts are round so 4ea 60cm single spot will not fit on the target butt, hence be prepared to shoot two lines.
3. If 60cm targets are used 2 archers will shoot the same target

We will enforce the 2 minute time limit to shoot 3 arrows.

All SCSSC Archery rules apply with the exception of distance, number of arrows, target size

We are hoping on a large turn out this year, so register early, we only have room for 44 archers.

Who knows, we might be able to shoot our 900 round next year in the Florence Center, keep your fingers crossed.

Welcome, safety brief, and target assignments will start at 10 am

Side note, SCSSC has lowered the age limit to 40, so pass the word.

Please invite your friends, family, post this info at your archery clubs/ranges about our up coming event The SCSSC Archery event 11 May 2019 at 10am at the Florence Center.
